TECHNICAL SKILLS

Programming Languages

Java • Python • JavaScript • C

Frontend Development

HTML5 • CSS3 • Tailwind CSS • React •

Responsive UI/UX

Backend Development

Node.js (Express) • Spring Boot (Java) • REST APIs

Database

MySQL

Tools & Technologies

Git & GitHub • Firebase • VS Code • Postman •

Microsoft Word/Excel

SOFT SKILLS

Leadership • Communication • Teamwork • Critical Thinking • Problem Solving • Fast Learning

CERTIFICATION

Web Development

- Diploma in Website Development (HTML & CSS) – Alison
- Mastering HTML5 & CSS3 – Udemy
- Web Development for Beginners – Simplilearn
- C Programming Basics – Simplilearn

Cybersecurity

- Basics of Cyber Attacks & Threats – UniAthena / CIQ
- Introduction to Cybersecurity – Great Learning

Professional Development

- LinkedIn Marketing – Simplilearn
- Empowering Communities (Waqf & Cooperatives) (2025)
- LZNK International Student Empowerment – 2023

EDUCATION

Albukhary International University (AIU), Malaysia

LANGUAGES

- English
- Hausa

PROFESSIONAL SUMMARY

Motivated Computer Science undergraduate specializing in Cybersecurity and Full-Stack Development. Hands-on experience building modern web applications using React, Node.js (Express), Spring Boot, and MySQL. Finalist in the Harvard-founded Aspire Leaders Program, with strong performance in global computer science competitions. Seeking an internship to apply technical skills, strengthen real-world experience, and contribute to impactful projects.

EXPERIENCE

Frontend Development Intern — CodeAlpha

FEB 2025

- Completed a one-month internship focused on core front-end technologies.
- Built responsive UI components using HTML, CSS, and JavaScript.
- Improved design consistency and user interaction across components.

ACHIEVEMENTS & LEADERSHIP

Aspire Leadership Program Finalist

2025

- Selected among 9,362 finalists from 45,228 applicants.
- Completed 40+ hours of training in leadership, AI entrepreneurship, and critical thinking.
- Developed under Harvard faculty-designed curriculum.

International Computer Science Competition (ICSC)

Sep-Oct 2025

- Passed Qualification Round (Sept 2025).
- Qualified for Pre-Final Round (Oct 2025).
- Demonstrated strong problem-solving skills in global-level competitive programming.

PROJECTS

SkillHub Learning Platform (LMS)

Node.js • Express • MySQL • Tailwind CSS

- Built an interactive learning platform with course modules and progress tracking.
- Implemented JWT authentication and role-based access.
- Designed a modern UI dashboard for student progress.

Digital School Management System

Spring Boot • React.js • MySQL • HTML • JavaScript • Tailwind

- Built RESTful APIs for authentication, attendance, and student records.
- Implemented JWT authentication and role-based access control.
- Designed a modern, responsive dashboard for teachers and administrators.

Online Food Restaurant System

HTML • CSS • JavaScript • PHP • MySQL

- Created an online food ordering platform with cart, checkout, and admin panel.
- Implemented customer order management and restaurant menu controls.

Portfolio Website

HTML • CSS • JavaScript • Tailwind CSS

- Fully responsive personal portfolio with animations and a functional contact form.
- Showcases projects, skills, and achievements in a modern interface

Car Rental System

HTML • CSS • JavaScript • PHP • MySQL

Developed a simple car booking interface with rental tracking features.
